Award of Coalition Grant Funds

Dear Mr. Azar:

The Massachusetts Department of Environmental Protection (MassDEP) is pleased to award the City of Somerville a \$50,000 grant through MassDEP's Brownfields Coalition Grant received by the U.S. Environmental Protection Agency. This award will provide the City with needed financing to conduct Phase II assessment activities at the Former Kiley Barrel site located on Prospect Street in Somerville.

MassDEP has provided a grant award contract to the City for its review and signature. The contract establishes the scope of environmental assessment activities eligible for reimbursement, as well as additional terms and conditions. The award is a reimbursement grant and will require MassDEP to reimburse the City when an invoice or receipt for eligible work activities is received.

By accepting this award, the City agrees to carry out the grant in accordance with the terms and conditions of the grant award contract. Please review the contract, and associated attachments, and return the original signed contract and signature authorization forms directly to:
